

Jeremy Spencer

Senior Developer

240.727.7283 | jtiki@pm.me | www.jeremyspencer.me

Strategic developer with over a decade of Python, Django and Javascript experience in website development and user experience. Problem solver and a people pleaser.

Professional Experience

Frostburg State University | Frostburg, MD Senior Developer (July 2013 – Present)

Lead a 3 person team in a range of developments to increase the university's web presence through a range of projects: web rebranding, rebuilding web architecture/servers, SEO & federal accessibility improvements. Spearheaded an educational program for the greater campus about handicap web accessibility.

- Lead web rebranding project that increased new users sessions by 32.2%.
- Served as the departments spokesperson, participating in tech and industry panels/conventions, providing reviews, and providing direction to the CIO and director.
- Increased website uptime by over 4000% after rebuilding web architecture.
- Redesigned the entire university web architecture resulting in a 40% increase in application development speed.

Jeremy Spencer, LLC | Cumberland, MD Owner/Freelancer (2006 – Present)

Opened and ran a local freelance business. Rapidly gained clients due to excellent customer service and the ability to explain complex technical issues at “human” level.

- Presented “From 0 to 100 in Django” at DjangoCon 2017.
- Created a Django Video Course for Pack Publishing.
- Blog posts accepted in the very popular HackerNoon on Medium.
- Developed the EnterYourCredits online system to accommodate the large MDDC Medical Conference.
- Provided volunteer services for multiple charities such as Maryland Salem Children's Trust and the Islamic Society of Cumberland for outreach and marketing.
